

From the Chamber President:

Chamber Members,

Happy Summer Chamber Members! There is lots of exciting things going on in the next couple of weeks in St. Joseph, MN.

First, we would like to thank Erica Jodsaas (Chamber member and current board member) for her membership and her participation on the St. Joseph Chamber of Commerce Board of Directors. Sadly, we are losing her to the Fargo Moorhead area where she will be relocating. We wish her the best and know that her family will appreciate having her nearby.

Erica's move means we need her position on the Chamber Board filled just as soon as possible. If you have someone in mind; or would like to volunteer, please contact me or Jude at the Chamber's email or phone number. It is an exciting meeting and provides more opportunities to network within the community. We meet on the first Tuesday each month as a board from 11:30am to 12:30pm.

Please consider bring new and old acquaintances as guests to our **Lunch & Learn** each month. This gives individuals an opportunity to check out the chamber and meet many of our members. Our Chamber meeting is the second Wednesday of each month, beginning with a social ½ hour from 11:30 am to noon and then the general meeting from noon until 1:00 pm. Visitors eat free, but register them ahead (and yourself) so food is ordered correctly. In addition, if you register or if you register a guest, please let Jude know if you have a change of plans. Each meal ordered needs to be paid for and we don't want to lose Chamber dollars.

On July 3rd St. Joseph will have their annual parade. I am so excited to attend each year with Premier Real Estate Services parade float with the Tiny House! The Chamber Board is invited to ride on the back of the float and special passes can be granted to those that qualify. See you on July 3rd for all the fun events. Thank you,

Best Wishes.

Home Care and Our Aging Population

(by: Home Care Association of America.
http://www.hcaoa.org/assets/1/6/HCAOA-Fast_Facts-2_11.pdf)

The home care industry is a fast-growing, essential sector of the U.S. economy. As life expectancy increases, the number of seniors is growing much faster than other segments of the population. Today, there are about seven people (family, friends, or others) aged 45-64 to care for each person over the age of 80. By 2050, this caregiver ratio will be less than 3:1. Seven in 10 Americans over age 65 will need long-term care services during their lifetime, but 90 percent of them want to stay at home as they age.

Professional home care meets these rapidly growing needs while providing seniors many other benefits.

Stearns Electric One Million Miles and Counting

*Employees drive
1,000,000 miles with no
accidents*

In June, Stearns Electric Association employees reached a major milestone: one million miles accident-free.

Over the last 22 months, Stearns Electric employees have driven over one million miles without an accident. The Cooperative's vehicle fleet consists of about 45 vehicles including bucket trucks, digger derricks, material trucks, pickup trucks and SUVs.

"At Stearns Electric, we are committed to both employee and public safety," Stearns Electric CEO, Robin Doege, said. "Reaching a million miles driven without an incident is certainly cause for celebration, especially with the winter road conditions in Minnesota!"

Stearns Electric's safety program encompasses many areas of the Cooperative. The employee-driven Safety Committee meets monthly to discuss safety priorities, review safety concerns and recommend improvements to the overall safety program.

Additionally, all employees engage in safety training and education on a regular basis. At least once a month, employees that work in the field participate in hands-on training to practice proper safety procedures. All employees review safety education material at their monthly department meetings.

Stearns Electric inspects building facilities, vehicles, substations and line crews regularly to ensure the Cooperative meets all national, state and local safety codes and that employees follow safe OSHA (Occupational Safety and Health Administration) work practices.

In 2019, Stearns Electric also launched a new "Find It, Fix It" program to compel employees at any level to speak up and report hazardous conditions or unsafe work practices. All "Find It, Fix It" submissions are reviewed by the internal Safety Committee.

Lastly, the "This is My Why" campaign was developed to focus heavily on improving the safety culture at Stearns Electric. Designed to demonstrate to employees that their safety is a priority and valued by their co-workers, Stearns Electric created a video series that captures employees and their families sharing their "why" behind working safely. You can view the videos on our Facebook page, [facebook.com/StearnsElectricAssociation](https://www.facebook.com/StearnsElectricAssociation).

News

The Sister Phyllis Plantenberg Endowed Fund for Student and Faculty Research for Saint John's University was created by an anonymous donor in honor of Sister Phyllis Plantenberg, a retired biology professor. She was informed of this honor by Troy Fritz, executive director of institutional advancement, and Barb May, dean, at a small presentation in the College of Saint Benedict's Schoenecker Commons on June 4, 2019.

After years of ministering in Utah, Sister Marilyn Mark will be returning home to Saint Benedict's Monastery. She had been serving as the coordinator of campus ministry and Newman residents at St. Jerome Catholic Newman Center in Logan, Utah, since December 1, 2012. She was also the pastoral associate and worship coordinator at St. Thomas Aquinas Parish in Hyde Park, Utah. She will be missed in Utah, but we are excited to welcome her home!
