10 Benefits of Advertising in Chamber News

Your target audience is welcoming newsletters in their email box every day. The Chamber News is the right e-newsletter for placing your ads. You are speaking directly to your best potential customers. Advertising in emailed newsletters is one of the most effective and least expensive forms of advertising.

1: Precise Targeting. Your message won't get lost in the mass chatter. The people of St. Joseph are your target market, you have a much greater prospect of generating business leads with The Chamber News specifically marketing to your audience. The more specifically you can define your target market, the better your chances of success.

#2: Inexpensive. E-newsletter ads are free and an effective way to reach your niche market. You'll build a list by using ours – a direct connection to businesses in St. Joseph. The return on investment (ROI) for e-mail marketing continues to far surpass other channels.

#3: Top of mind visibility. Each month you can remind readers of your business-generate continuous income, give your business a successful image, keep you competitive and invest in your success. Your ad is among only a few, so you'll receive maximum visibility.

#4: Linkability. Your advertising in The Chamber News will be linked directly to your home page or direct customers to your social media page.

#5: Credibility. In addition, advertising in the St. Joseph Area Chamber of Commerce newsletter adds to the established credibility of your business. Readers trust information from our newsletter and individuals don't have to worry about viruses or spam because the links are coming from a trusted source.

#6: Anytime, anywhere. The Chamber News reaches your target audience on a laptop, on their phones, at their desks in the office or at home.

#7: Lead generation. Quality lead results from The Chamber News are trackable. You will know if your investment in the Chamber's newsletter is worthwhile by watching the metrics on your website.

#8: Pass-Along Exposure. Not only can The Chamber News be forwarded from every recipient to others beyond our mailing list, an electronic newsletter has more longevity because it now exists in cyber space.

#9: No SPAM worries. The Chamber News gets your message past SPAM filters. Your email sent to a SPAM folder is a problem. With the Chamber News, you are in an e-mail message recipients welcome. 22% of people trust an emailed newsletter message from known organizations, according to Forester.

#10 Positive SEO for your website.

Newsletters are ranked highly by search engines. The search engine ranking of your webpages will improve as a result of links to and from the Chamber's newsletter.

Women In Trucking Announces its April 2021 Member of the Month

Plover, WI – Apr. 1, 2021 – The Women In Trucking Association (WIT) has announced Reanee Swiger-Gray as its April Member of the Month. Reanee is a professional driver for Brenny Specialized, Inc.

Reanee has been driving since 2012 and is well over a million miles as an OTR driver. She is consistently one of Brenny's highest mileage drivers with an impeccable safety record. She is always looking for ways to improve skills and be a safer driver.

A few months ago, Reanee was taking some home time near Austin, TX. During this particular rainy day, she and her mother had taken her father to the hospital for a checkup. As they were finishing up with the doctor, Reanee couldn't help but notice a scene unfolding at the bus stop nearby. There was a man trying to get on the bus and was told "no" over and over. The man was shouting, "I don't have shoes." She could hear the desperation in the man's voice that he just wanted to get on the bus, take a load off and get out of the rain. Well, the bus zoomed off, leaving the man in the cold rain.

Reanee turned to her mother and said, "Momma, that man has no shoes! I need to find him!" So up and down the blocks near the hospital she went. When she finally located this man, Reanee shouted out her window, "Hey Bubba, what size shoe do you wear?" The man sheepishly replied, "8 or 9." Reanee called the man to the truck and said, "Take these!" Her mother said later, "You gave that man your new fancy blue tennis shoes?" Reanee said without hesitation, "That man can't walk around in the rain without shoes, Momma!" They smiled at each other knowing that man could now get out of the rain.

This is just one of many stories Reanee will share with her co-workers when she is in the office. She is a trucking angel. She is always working to make sure someone that needs a hot meal, a cold bottle of water, a listening ear, and on that day— a pair of shoes. She is one of the drivers that will leave a legacy as an angel, keeping this industry looking and acting professional.

About Women In Trucking Association, Inc. Women In Trucking, Inc. is a nonprofit association established to encourage the employment of women in the trucking industry, promote their accomplishments and minimize obstacles faced by women working in the trucking industry. Membership is not limited to women, as 17 percent of its members are men who support the mission. Women In Trucking is supported by its members and the generosity of Gold Level Partners: Amazon, Arrow Truck Sales, BMO Transportation Finance, Daimler Trucks North America, Expediter Services, FedEx Freight, Great Dane, J.B. Hunt Transport, Michelin North America, Penske Transportation Solutions, PACCAR, Ryder System, Walmart, and Waste Management. Follow WIT on Twitter, Facebook, or LinkedIn. LOCAL CO-OP DIRECTOR EARNS NATIONAL CREDENTIAL

MELROSE, Minn. – Jerome "Jerry" Fries, Stearns Electric Association Board of Director, received the Director Gold Credential certificate from the National Rural Electric Cooperative Association (NRECA) in April.

Director Gold Credential recognizes directors who have already earned their Credentialed Cooperative Director (CCD) and Board Leadership Certificate (BLC), and who wish to continue learning throughout their service on the board. Fries is the first director in Stearns Electric history to earn the Director Gold Credential certificate.

An ever-changing business environment has imposed new demands on electric cooperative directors, requiring increased knowledge of changes in the electric utility industry, new governance skills, and a solid knowledge of the cooperative principles and business model. Stearns Electric has committed to work through NRECA to sharpen this body of knowledge for the benefit of its electric cooperative member-consumers.

"The education that our directors obtain through NRECA's training and education program provides a solid foundation of knowledge of the energy industry for our directors, and allows them to better serve our members and lead the Cooperative," Robin Doege, Stearns Electric CEO, said. "The Director Gold certificate demonstrates to our member-consumers Jerry's ongoing commitment to advancing his knowledge of the energy industry."

For a director to earn the Director Gold certificate, they must have already earned the CCD and BLC, and earn three additional credits from the BLC series of courses. Unlike the CCD and BLC certificates, Director Gold includes a continuing education requirement which calls for directors to earn three credits of approved course work and/or conferences every two years to maintain their Director Gold status.

Fries was first elected to the Cooperative's Board in 2015 to represent District 9, which serves Minnesota Townships St. Joseph, Wakefield, Rockville and Maine Prairie in Stearns County. He was re-elected in 2018.

NRECA represents the nation's more than 900 private, consumer-owned electric cooperatives, which provide electric service to more than 42 million people in 47 states, including Melrose-based Stearns Electric Association.

Board President Randy Rothstein (right) awards District 9 Director Jerry Fries (left) with his Director Gold Certification certificate at the April board meeting.

OPERATION ROUND UP® CONTRIBUTES \$60,750 TO 20 AREA FOOD SHELVES, 51 LOCAL ORGANIZATIONS

Melrose, Minn. - Stearns Electric's Operation Round Up® Program contributed \$60,750 to 71 area organizations in March, including \$2,000 each to 20 area food shelves. Through the Operation Round Up® program, Stearns Electric Association gives its member-consumers the opportunity to give back to the community by rounding up their electric bill to the nearest dollar.

Since the program's inception in 1993, Operation Round Up (ORU) and Stearns Electric members have awarded over \$2.6 million to 4,961 local non-profit organizations and community service programs. The rounded-up funds, no more than \$11.88 per year, per member, are placed in a trust fund that is administered by the Stearns Electric Association Trust Board.

Trust Board Directors met on March 10 to review applications and funding requests. Seventy-one organizations were selected to receive funds totaling between \$250 to \$2,000 in this round of contributions.

PARKINSON'S DISEASE

WHAT YOU NEED TO KNOW

Parkinson's disease is caused by the deterioration of neurons in the brain that produce dopamine, an essential neurotransmitter that controls muscle function.

Deep brain stimulation (DBS) may be used to treat some of the debilitating symptoms of Parkinson's disease. DBS uses a surgically implanted, battery-operated medical device to deliver electrical stimulation to targeted areas in the brain that control movement.

The physicians at IGEA Brain & Spine are leaders in the use of Deep Brain Stimulation treatment. If you or a loved one are suffering from the effects of Parkinson's Disease, call us at 908-206-4807 or visit igeaneuro.com for more information.

Congratulations to SPOT's Newest Certified Lymphadema Therapist

March is National Lymphedema Month. Kirsten Becker, PT recently completed the Manual Lymph Drainage (Vodder Technique) and Complete Decongestive Therapy Training program with Klose Training. This included Manual Lymph Drainage and Lymphedema bandaging.

What is the difference between EDEMA and LYMPHEDEMA? Edema is a symptom of the body's normal response to an injury such as a sprain, etc. As healing progresses, excess fluid leaves the area and the swelling goes down. Lymphedema is a disease condition that occurs when the lymphatic system is impaired to the extent that the amount of lymphatic fluid in an area exceeds the capacity of the lymphatic transport system to remove it. The body itself cannot just reverse the swelling with elevation, because the lymphatic system is unable to transport it away. We can assist the body with manual drainage techniques to move the fluid away from a malfunctioning lymph system to an area of intact lymph nodes, or pathways to remove the fluid. We also can use short stretch bandages (Cotton flat knit – not ACE bandages) and bandaging to move the fluid from distally to proximally with the help of exercises/activity to move the fluid out of the body. Then we can use day or night time sleeves/compression garments to maintain progress after therapy has achieved

improved function/reduced volume.

Typical treatment is daily wraps times 2 weeks in PT/OT, then reduced frequency and home wrapping/garments to maintain with home programs.

I am happy to talk more with people if they have further questions!
