Women In Trucking Announces its April 2021 Member of the Month

Plover, WI – Apr. 1, 2021 – The Women In Trucking Association (WIT) has announced Reanee Swiger-Gray as its April Member of the Month. Reanee is a professional driver for Brenny Specialized, Inc.

Reanee has been driving since 2012 and is well over a million miles as an OTR driver. She is consistently one of Brenny's highest mileage drivers with an impeccable safety record. She is always looking for ways to improve skills and be a safer driver.

A few months ago, Reanee was taking some home time near Austin, TX. During this particular rainy day, she and her mother had taken her father to the hospital for a checkup. As they were finishing up with the doctor, Reanee couldn't help but notice a scene unfolding at the bus stop nearby. There was a man trying to get on the bus and was told "no" over and over. The man was shouting, "I don't have shoes." She could hear the desperation in the man's voice that he just wanted to get on the bus, take a load off and get out of the rain. Well, the bus zoomed off, leaving the man in the cold rain.

Reanee turned to her mother and said, "Momma, that man has no shoes! I need to find him!" So up and down the blocks near the hospital she went. When she finally located this man, Reanee shouted out her window, "Hey Bubba, what size shoe do you wear?" The man sheepishly replied, "8 or 9." Reanee called the man to the truck and said, "Take these!" Her mother said later, "You gave that man your new fancy blue tennis shoes?" Reanee said without hesitation, "That man can't walk around in the rain without shoes, Momma!" They smiled at each other knowing that man could now get out of the rain.

This is just one of many stories Reanee will share with her co-workers when she is in the office. She is a trucking angel. She is always working to make sure someone that needs a hot meal, a cold bottle of water, a listening ear, and on that day— a pair of shoes. She is one of the drivers that will leave a legacy as an angel, keeping this industry looking and acting professional.

Congratulations to SPOT's Newest Certified Lymphadema Therapist

March is National Lymphedema Month. Kirsten Becker, PT recently completed the Manual Lymph Drainage (Vodder Technique) and Complete Decongestive Therapy Training program with Klose Training. This included Manual Lymph Drainage and Lymphedema bandaging.

What is the difference between EDEMA and LYMPHEDEMA? Edema is a symptom of the body's normal response to an injury such as a sprain, etc. As healing progresses, excess fluid leaves the area and the swelling goes down. Lymphedema is a disease condition that occurs when the lymphatic system is impaired to the extent that the amount of lymphatic fluid in an area exceeds the capacity of the lymphatic transport system to remove it. The body itself cannot just reverse the swelling with elevation, because the lymphatic system is unable to transport it away. We can assist the body with manual drainage techniques to move the fluid away from a malfunctioning lymph system to an area of intact lymph nodes, or pathways to remove the fluid. We also can use short stretch bandages (Cotton flat knit – not ACE bandages) and bandaging to move the fluid from distally to proximally with the help of exercises/activity to move the fluid out of the body. Then we can use day or night time sleeves/compression garments to maintain progress after therapy has achieved

improved function/reduced volume.

Typical treatment is daily wraps times 2 weeks in PT/OT, then reduced frequency and home wrapping/garments to maintain with home programs.

I am happy to talk more with people if they have further questions!

Prayer in Troubled Times: Easter—New Life After COVID? How might we understand the pandemic in light of the meaning of Lent and Easter? How might Lent and Easter take on new meaning this year as a result of the pandemic? You are invited to join us for this 20-minute online worship service that will include spoken and sung prayers, scripture, poetry, and intercessions. Year after year, we Christians sing the glorious Easter hymns about life triumphing over death: Jesus rose from the grave, and we will rise to new life as he did. But Easter is not only about life after our one-time physical death. The Good News of Jesus' resurrection is that love wins out over hatred and evil even in this present life. New life is born out of our negative experiences, out of the disappointments and pains of daily life. If we assimilate the meaning of Easter, how might we experience new life even in the midst of COVID? This worship service will be posted on our YouTube channel on Sunday, April 11, at 7 p.m. Date: Sunday, April 11, 7 p.m. Facilitator: Delores Dufner, OSB Learn More: <https://sbm.osb.org/event/prayer-in-troubled-times-easter-new-life-after-covid/>
